

## CPD Events and Courses Attendance Sheet

Activity Title
The Genomic & Microbiology Revolution: In Technology, we Trust?

Activity Summary	Activity Details				
<p><b>A day meeting.</b> The aim of this year's conference is to assemble acknowledged experts in their field to give us authoritative overviews of their particular specialisms and their contribution in the development of genomic research in the clinical microbiology field. From direct sequencing to whole genome sequencing, to AMR and quality assurance of genomic methods many aspects are to be covered and how adopt genomics for future testing.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 30%; padding: 5px;">Date(s) of Activity:</td> <td style="padding: 5px;">19<sup>th</sup> July 2022</td> </tr> <tr> <td style="padding: 5px;">Venue:</td> <td style="padding: 5px; text-align: center;"><b>Royal Air force Museum Hendon</b></td> </tr> </table>	Date(s) of Activity:	19 <sup>th</sup> July 2022	Venue:	<b>Royal Air force Museum Hendon</b>
Date(s) of Activity:	19 <sup>th</sup> July 2022				
Venue:	<b>Royal Air force Museum Hendon</b>

Key Learning Outcomes
<p><i>Please continue on a separate sheet if necessary</i></p> <ul style="list-style-type: none"> <li>Be able to analyse the data/information presented and develop science-based solutions that could be incorporated to enhance current laboratory methods.</li> <li>Enable the creation of cohesive and persuasive arguments to allow project work to be undertaken to introduce new processes to the laboratory.</li> <li>To integrate knowledge, analyse and evaluate the information presented in the light of own current knowledge of respiratory infections.</li> <li>Utilisation of new technologies within the Microbiology laboratory to improve the current service provided.</li> <li>Take information /knowledge gained back to the laboratory to cascade to colleagues in the format of presentation or group discussion.</li> </ul>

### Key Reflection Topics

*Please continue on a separate sheet if necessary*

- Has the meeting given you the opportunity to gain self-knowledge?
- Has the meeting given you a better understanding of what you are doing in the laboratory?
- What key ideas can you take away from this meeting to apply in the laboratory?
- Is it worthwhile coming to conferences/meetings to extend you knowledge?
- Has the meeting helped provide clarity to any training you are undertaking and helped improve the way you learn?
